

CRISES IN NUBA MOUNTAINS

BACKGROUND:

Since 5/6/ 2011 [5th June 2011] the war started in Nuba Mountains, many families left their houses and went to protect them selves from the explosions of bombs, random killing, genocide and bullets of Sudan Army forces against them.

Sudan Army Forces and malicious supported by government decided to kill any person who is well educated, active in community work and experience.

Some areas, churches among of them two of our churches have been burnt by fire, stolen their properties and animals.

All families were scattered to another areas without any things that can assist them to survive.

Many people were died, injured, affected by anger, diseases and trauma, specially children, pregnant women, old parents and those who missed their families during war for the lack of food, medicine and protection.

Some people run and hide them selves in caves and drains of water when they hear the voice of anti plane or Mage.

Two months passed and the situation is going worst more for all people in Nuba Mountains such as lack of food, medicines and basic needs to help them.
